ABOUT ME

I am a Programmer, Web Developer and an Android Developer. Currently pursuing Mechanical Engineering. I love to play Fps games and making web bots.

EDUCATION

- BACHELOR'S DEGREE - CGPA 9.27

  Currently pursuing Mechanical Engineering from Lakshmi Narain College of Technology, Bhopal

- 12TH - CGPA 6.85

  GREEN VALLEY PUBLIC SCHOOL (2019)

- 10TH - CGPA 8.2

  GREEN VALLEY PUBLIC SCHOOL (2017)

SKILLS

- PYTHON PROGRAMMING

  As a Mechanical Engineer I started learning to code in my second year of college to get better job opportunity, as the revolution is going more towards software than hardware.

- WEB DEVELOPMENT

  In spite of Python I also started learning Web Development in third year of my college to get better grip in software industries.

- ANDROID DEVELOPMENT

  Resently we got a great apportunity to learn kotlin as an Android development language offered by our college, as Google themselves develop most of their Android apps in kotlin language.
